

## NEGRO COKERS SHOT EIGHT STRIKERS.

### RACE WAR IN PENNSYLVANIA VERY LIKELY.

Body of Miners Marching Near Summit Fired Upon By Negroes in the Coke Works—Bloody Battle Resulted and More Trouble is Almost Sure to Follow.

SCOTTSVILLE, Pa., July 11.—Negro coke workers fired on marching strikers at Summit this morning. Eight were shot. The act will probably cause a race war in the coke regions. The feeling is very intense.

#### The Spring Valley Battle.

SPRING VALLEY, Ill., July 11.—United States regular troops killed the first man in this region at 4:30 p. m. at Spring Valley yesterday. They came into town at that time from Chicago on a passenger train of the Chicago, Rock Island & Pacific railroad which they were guarding through the mining region. As the train pulled into town the engineer and fireman were greeted with jeers from a mob of Lithuanians, Italians, Belgians and Poles who had taken possession of the bill overlooking the depot. The soldiers then fired. The following list of dead and injured includes the victims of other incidents of the day:

The killed:  
BARLIMER, DOMINIC, Italian, aged 43 years, shot through the head by United States regular troops at Spring Valley while in a stone throwing mob; died instantly.

SALOLI, JOHN, Italian of Spring Valley; knee and leg shattered by a ball from United States regular troops; died later.

The injured:  
GREGORY, WALTER, deputy from Princeton; two ribs broken and badly bruised.  
KOLP, LUSH, deputy from Princeton; shot in the thigh while adjusting a revolver.

POWELL, S. T., a deputy and proprietor of the City hotel, Princeton; shot in the face by rioters in ambush while traveling on the public highway at midnight.

UNKNOWN ITALIAN, rioter, shot by Powell; carried away by his companions; extent of his injuries not known.

UNKNOWN RIOTER; hand and arm badly lacerated by a bayonet while the militia were clearing the streets at Spring Valley.

An inquest was held at the depot. Capt. Conrad made a statement that his troops had been fired on and stoned and that they shot to kill by the orders of the President of the United States, Gen. Miles and Col. Crofton, their superior officers. Regretting deeply the loss of life he begged the coroner's jury and American citizens of Spring Valley to tell the rioters that the Rock Island railroad would be protected from their violence at all hazards and that his troops, who, when attacked shot to kill, would if necessary come again to enforce law and order. The train proceeded to Bureau and later started off for Chicago without incident.

The troops consisted of fifty men of Company C, Fifteenth infantry, in command of Capt. Conrad, with Lieut. C. C. Jameson as second in command. When the train stopped the troops were ordered on the station platform. The unexpected sight of the men in blue brought out a round of jeers and hoots from the strikers on the hill. It is also claimed some stones were thrown. The captain then turned to take aim and fire. The raising of the hammers caused a distinct click and a volley then rang out and two men in the mob fell to the ground. They were both in the rear of the mob and had nothing to do with the disturbance. As soon as the volley was fired the rioters took to their heels and soon disappeared in the timber.

At Spring Valley the alien miners indulged in rioting and carousing all Monday night and yesterday. Later in the day squads of anarchists came in from Peru, La Salle, Oglesby, and other mining towns. They considered their forces insufficient to make an attack in the city, however, and about 11 o'clock, drifted out to shaft No. 3, located one mile west of the city. The militia was informed of this move, and a detachment intercepted the rioters when they were within a few blocks of the shaft. The troops dispersed them. The news of the approach of the anarchists upon Spring Valley spread through the country last night like wildfire. One hundred deputies started across the country from Princeton at midnight at high speed. At Seaton all deputies that could be spared were rushed on to Spring Valley.

The two companies of militia at Spring Valley were kept busy all day clearing the streets and attending to their routine work. The citizens of the place are completely terrorized and it is impossible to raise a force of deputies from them. The city council passed a resolution to the effect that Mayor Jack should at once order the state militia out of the city limits. In response to a telegram to Gov. Altgeld he ordered them to remain at their present location. It is likely the council will swear in a large force as special police to move the militia unless the latter are soon reinforced by additional troops.

Seatonville is being guarded by seventy deputies. Provisions in the mining towns are growing scarce. Many of the stores have been looted and no local freight is being received at these points. Many of the staples at some stores have already given out. At Princeton, Wyand, Tiskilwa and a half-dozen other towns in the county

excitement is at fever heat. At each of these places the greatest concern is felt for the men who have gone forward and crowds filled the main streets all day receiving news from the seat of trouble.

Militia Censured for Shooting.  
DANVILLE, Ill., July 11.—The jury empaneled to inquire into the deaths of Miss Clara James and Mrs. M. Glenn, who died from the effects of bullets fired by the militia Monday, returned a verdict of unjustifiable homicide, and recommended that the authorities take the proper legal action in the case and bring the offenders to justice. Supt. Corwin of the Chicago & Eastern Illinois road said the company would not attempt to run trains through Grape Creek. It was reported that the track had been again blocked by overturned cars.

### KILLS THE STRIKE IN THE WEST.

Gen. McCook's Opinion of President Cleveland's Proclamation.

DENVER, Colo., July 11.—"That's all I want," said Gen. McCook after reading President Cleveland's proclamation ordering all unlawful assemblages in Colorado and other western states and territories to disperse. "The President's proclamation settles the strike. If the meetings of a serious character are held I will certainly not permit them." Trains are arriving and departing on all the roads.

BILLINGS, Mont., July 11.—A west-bound train arrived here last night with four companies of federal troops on board.

LEADVILLE, Colo., July 11.—The first train that has passed through here over the Denver & Rio Grande tracks for eight days came in at noon yesterday and was shortly afterward followed by a second train with United States troops bound for Grand Junction. The Rio Grande trainmen here decided to return to work.

MILWAUKEE UNIONS WILL WAIT.

MILWAUKEE, Wis., July 11.—The delegates from the forty trades organizations represented in the Federated Trades Council held a meeting last night for the purpose of ordering a general strike here to-day. The delegates expressed themselves as willing to help the American Railway Union in its fight in any way, provided the national organizations would sanction it, but it was decided to await the action of the conference called by President Gompers to meet in Chicago Thursday before doing anything.

NEW YORK UNIONS ACT.

NEW YORK, July 11.—There was a short meeting of the miscellaneous heads of the Central Labor Union in Clarendon hall last night. Twenty-eight organizations were represented. Resolutions were adopted endorsing the acts of the American Railway Union and calling upon the government to nationalize the railways and telegraph lines.

Resume Work Without Any Fear.

MICHIGAN CITY, Ind., July 11.—All the Michigan Central employees of this city have voted to resume the running of freight trains between here and Chicago. Since the beginning of the riots at Chicago the men have been so intimidated by violence and the fear of violence that they unanimously agreed not to run freight trains until protection was afforded them.

May Not Strike at Kansas City.

KANSAS CITY, Mo., July 11.—A high officer of the industrial council last night said that the order from Debs to the men on the Missouri Pacific to go out would not be regarded because the men felt the strike at Chicago had no particular bearing on them.

Offers to Furnish Negroes.

ST. LOUIS, Mo., July 11.—Lincoln Nelson, secretary of the African-American League in East St. Louis, has written to Chairman Gays of the General Managers' association offering to furnish at a few hours' notice 200 negroes to replace the freight handlers who have quit work in East St. Louis warehouses. Mr. Gays will submit the letter to the various railroad officials.

Will Start Its Trains To-day.

EVANSVILLE, Ind., July 11.—The Louisville & Nashville road will attempt to resume operations here to-day. Trouble is feared and fifty deputies have been sworn in. The strikers declare their determination to remain out. Other roads here are doing business fairly well.

Big Four Laying Off Men.

INDIANAPOLIS, Ind., July 11.—Six thousand men were laid off on the Big Four system yesterday by an order from headquarters. This move was taken by the company on account of the falling off in business since the boycott was ordered.

Engineers Return to Work.

ANDERSON, Ind., July 11.—Twenty of the striking engineers have asked for their old places and will be put to work under protection. The federated trades unions here will not join a Knights of Labor strike if one be called.

Gompers En Route to Chicago.

INDIANAPOLIS, Ind., July 11.—Samuel Gompers, president of the American Federation of Labor, was here last night en route for Chicago and in consultation with prominent labor leaders.

Big Four Quits Business.

BLOOMINGTON, Ill., July 11.—On an order from headquarters all the local employees of the Big Four were discharged, excepting the agent and one clerk.

## RAILROADS GAINED BY TODAY'S WORK.

### TRAINS ARE RUNNING WITH LITTLE INTERRUPTION.

Chicago Blockade Broken—Pittsburg and Cleveland Report That the Strike is Ended—Situation in Toledo Unchanged—Meat Trains Run Under Military Protection in Chicago.

CHICAGO, July 11.—The strike so far as the railroads are concerned is much improved. Trains are moving under military protection with little trouble. A great deal of perishable freight is being handled. The comparative quiet reigned in the stock yards district all day. Two trains of provisions were moved west from the yards at an early hour and switched to the Panhandle road under guard of troops. Not a striker made a murmur of disapproval. One train contained eighteen cars belonging to Armour and nine belonging to Morris. The other train consisted of twenty-two cars shipped by the Swift company. Prior to that fifty-five cars belonging to these two firms had been safely sent away in the same direction, and traffic is therefore, practically resumed. The trains had been moved to the yards on the Fortieth street line at 9 o'clock, but preparations were being made to begin operations on that avenue also. Two train loads of cattle came in on the Northwestern road and were brought into the yards without any trouble.

STRIKE BROKEN IN TWO CITIES.

Cleveland and Pittsburg Again Restored to Order This Morning.

CLEVELAND, July 11.—The backbone of the strike here has been broken and things are going on very much as usual. The Lake Shore and the Cleveland & Pittsburg moved freight and other roads announce that they will follow suit. The firemen on the Big Four are beginning to go back to their positions. There is claimed to be no danger of an obedience to Sovereign's order for a general strike.

PITTSBURG, Pa., July 11.—After four hours of excited discussion the meetings at Bennett, on the Pittsburg & Western road adjourned at 1:30 o'clock. By a vote that was almost 2 to 1 the engineers refused to strike and communicated this fact to the American Railway Union meeting. The latter were in favor of a strike, but as the engineers were opposed decided not to force the issue. This means that the strike is ended in Pittsburg.

NO CHANGE TODAY IN TOLEDO.

Some of the Roads Make Settlements While Others Hold Out.

TOLEDO, Ohio, July 11.—The situation in Toledo is peculiar. In some respects the Railway Union has made gains and in other instances it has lost ground. The Ohio Central train crews, switchmen, roundhouse-men and dock laborers, about two hundred in all, went out yesterday. They demanded the removal of Superintendent Whittlesey, who, they claim, made himself particularly obnoxious to union labor while in the employ of the Lake Shore as superintendent of the Detroit division. They will not return unless he is removed. The Ann Arbor road is tied up tight, with no prospects of relief. The Pennsylvania switchmen and yardmen are nearly all out. The Wheeling & Lake Erie men may return to work. The Lake Shore yards are filled with loaded cars and a few non-union crews have gone out, but business with that company outside of passenger service is almost at a standstill.

MASSILLON, Ohio, July 11.—The Wheeling & Lake Erie American Railway Union men held several meetings yesterday. An urgent appeal was made to President Debs to withdraw his order, to which he responded that he would confer with the national board and advise local President Georgian later. Passenger trains are running as usual and freight trains are moving on the eastern division. As they can not get through the Massillon yards, however, the road is practically blocked.

Deputies Prevent Trouble.

MINONK, Ill., July 11.—The Minonk miners since Sunday night have been in an ugly mood. Yesterday the men held a meeting and decided to go to Rutland and compel the miners of that place who had gone to work to come out of the mine. They were prevented by deputies. Two cases of rifles were sent from here to Toluca yesterday, where 400 strikers are in camp on the Big Sandy near there, and the men who came after the arms said an attack was expected to-night.

Want Colored Workmen Admitted.

TACOMA, Wash., July 11.—The local branch of the American Union has adopted resolutions favoring the admission of colored men as members of the order and recommending an amendment to the constitution of the parent organization in that respect.

Colorado Bridge Burned.

TRINIDAD, Colo., July 11.—Striking coal miners or A. R. U. men burned a bridge 120 feet long on the Aguilar branch of the Denver and Gulf railroad near Victor station last night.

## NOT A BIG STRIKE IS THAT OF TODAY.

### ONLY 10,000 MEN WENT OUT IN CHICAGO.

More Are Expected to Join Them Before the End of the Week—New York Unions Respond But Feebly to the Order—Detroit Very Little Affected.

CHICAGO, July 11.—The strike of local trades unions began today, but is not as big as was promised. Only about ten thousand men are out up to noon. The street cars are not yet affected. There may be more out before the close of the week. They are waiting on each other. Mayor Hopkins will issue orders closing all the schools tonight. According to the report of the labor leaders not less than 100,000 men will be engaged in this gigantic walkout. Following the general order promulgated at the conference of all the allied trades Sunday night the Building Trades' council at a special meeting last night decided that all the members of affiliated trades unions must be out by Saturday morning of this week. District Master Workman E. J. Lindholm, following the general order of Grand Master Workman J. R. Sovereign to all Knights of Labor in the United States to go out, has ordered out all the members of that organization in Chicago. Central Labor Union will follow the lead of the other two central bodies, which have authority to declare a strike. There were many meetings of individual unions last night, at which the order to strike was generally passed.

The most important meeting was that of the Building Trades' council, which is the central organization of all the unions engaged in the building trades. Up until the announcement of the arrest of President Debs of the American Railway Union the sentiment expressed by the acknowledged leaders in the council seemed to be in favor of postponing definite action until the meeting to-morrow of the heads of the national organizations. The announcement of Mr. Debs' arrest changed the sentiment and men who before talked defeat became outspoken for immediate action. Altogether, the indications are that by the end of the week almost every industry in the city will be paralyzed.

It is reported that the engineers and firemen on the Chicago, Milwaukee & St. Paul road will hold another meeting at once at which it is probable they will decide to go out as a body.

NOT MANY UNION MEN GO OUT.

New York and Detroit Feel Little Effect From the Strike.

DETROIT, Mich., July 11.—Not all the trades will obey Sovereign's order.

BELLAIRE, Ohio, July 11.—The steel works signed the amalgamated scale today and fifteen hundred men returned to work.

NEW YORK, July 11.—Few of the union men will go out in this city and in Brooklyn. The announcement that the Knights of Labor in this city were to be ordered out on strike was communicated to Mayor Gilroy yesterday afternoon. It was said at the city hall that arrangements had been made for the co-operation of the police and militia in case of any disturbance arising out of a strike in this city, and that plans for quelling any lawlessness as soon as it shows itself have been carefully arranged and fully matured.

District Assembly No. 49 of the Knights of Labor, which controls the order in this city and vicinity, held an executive meeting last night at which steps were taken that may result in its members going on strike at once.

Samuel Gompers, president of the American Federation of Labor, would not make any statements as to whether a general strike would be called. He did not think the backbone of the strike was broken. He was asked what he thought of the refusal of Messrs. Pullman and Wickes to submit to arbitration.

"If the statements they make were only true," he replied, "their positions would be impregnable. But the fact that they refuse arbitration is proof enough that they are wrong."

Appeals to the Knights of Labor.

CHICAGO, July 11.—Grand Master Workman Sovereign yesterday issued an appeal to the Knights of Labor throughout the country to quit work in the interest of organized labor against the encroachment of capital. He could not in the absence of the executive board of the order direct a cessation of work. The executive board could not reach the city in time to consider the matter and the appeal was issued after telegraphic communication with the belated members. It is addressed to the Knights of Labor of America.

HOT IS THEIR ANGER.

Hammond Strikers Threaten Because of Debs' Arrest.

HAMMOND, Ind., July 11.—When the news of President Debs' arrest reached Hammond last night the strikers were in an unpleasant frame of mind. The carriages that had followed the remains of Charles Fleischer to the grave were returning. Had it not been for the presence of Gen. Robbins with his command of nearly a thousand armed men anarchy of the wildest variety

would undoubtedly have followed. The situation was such that even the leaders, who have counseled peace and law, became alarmed and expressed themselves as fearful that the soldiers would not be able to curb the wrath of the strikers.

Capt. Hartz, with his men who did the shooting Sunday, was in Hammond in the morning. They came on a special train and were out patrolling the Monon tracks. Capt. Hartz, on reporting to Adjt.-Gen. Robbins, was informed that the service of his company was not needed. The company returned to Chicago before the citizens knew of its presence.

WHITING, Ind., July 11.—The Fort Wayne and Baltimore & Ohio railways last night unloaded an extra force of deputies at Whiting. They fear an attack will be made on the town by strikers from Hammond.

THEY DON'T LOVE PULLMAN.

Denounced For Refusing to Arbitrate—President is Disappointed.

WASHINGTON, July 11.—Pullman's blunt refusal to arbitrate has intensified illfeeling against him, and was the chief subject of comment to-day. There is little discussion because the opinion is too unanimous. Prominent men for the most part decline to be quoted. They think the situation too critical, although were they hopeful of changing Pullman's mind they would willingly allow the use of their names.

True, no one says nay to that as a legal proposition, but there is much to be said from the plane of humanity. And there are those sarcastic people who profess no surprise at Pullman's loud trumpeted fidelity to law.

There is no mistaking the growth of the ill feeling here against Pullman because of his latest refusal. A prominent lawyer says that while Pullman has an undoubted right to run his business as he sees fit within the law, yet at this serious juncture, when the very fate of the nation may be at stake, Pullman owes to his country and humanity at large a duty higher than any private right. He might have told the committee of yesterday: "In view of the critical character of the situation and in the interest of the public welfare I am willing to listen to what our men have to say, and if they can show that they have any true grievance against the Pullman company I will do my best to free them from it." Pullman might have said as much as that without retreating one inch. Had he done so it would have worked to the general good.

The President is keenly disappointed by Pullman's refusal of yesterday. He can't help feeling that the sleeping-car magnate either does not appreciate the gravity of the situation or does not care what happens so long as his skin remains unpunctured. The President will not—though some suggest that he ought to—take Pullman's man Wickes at his word, and not permit federal interference in Pullman affairs even to the extent of protecting its property.

TO REGULATE RAILROADS.

New York Congressman Introduces a Bill—Its Leading Provisions.

WASHINGTON, July 11.—"To Regulate Railroads Engaged in Interstate Commerce" is the title of a long bill introduced in the house by Representative Strauss of New York. It is designed to prevent the manipulation of stock, bonds and all sorts of railroad securities by capitalists and to protect the owners of stocks and small holders. One of its most important provisions makes it a crime for an officer or director to sell stocks or bonds short for the purpose of depressing the value of railroad properties. It also prohibits voting trusts of stock. To secure disinterested receivers it provides that no employees, officers or directors of road shall serve in the capacity. The interstate commerce commission is to appoint in each judicial district under the bill one or more examiners, who are to look into all the books of the railroads which go into receiverships. If they discover evidence of mismanagement or breach of trust toward any class of creditors, they are to certify the evidence to the attorney-general to be used as a basis for legal proceedings. Provisions are made by which stockholders may follow property that has been diverted to the private estates of directors or to other purposes, and to institute legal proceedings for their recovery.

Young Pratt's Marriage Annulled.

NEW HAVEN, Conn., July 11.—Judge Prentiss has annulled the marriage of Charles R. Pratt to Miss Gertrude Hall. The case has attracted much attention on account of the prominence of the Pratts, who opposed the union. The decree was granted on the ground that Pratt was intoxicated when the ceremony was performed.

Mutiny on Board a Sealer.

VICTORIA, B. C., July 11.—The steamer City of Topeka arrived from Alaska and reported that sealer Gadrande reached Sitka July 4 with a crew of Indians in irons. They had mutinied and threatened the lives of the officers. They were landed at Sitka and placed in jail.

Members of the Union on Guard.

DEMING, N. M., July 11.—An attempt was made last night to wreck a special train containing 500 troops from Fort Bayard en route to Trinidad and Raton. Members of the local lodge of the American Railway Union have offered to guard the railroad property.

## TROOPS AND RIOTERS ARE FACE TO FACE.

### SACRAMENTO TREMBLES IN FEAR OF A BATTLE.

General Ruger's Forces Arrived this Morning and the Defiant Strikers Became Quiet Almost at Once, But There is Still Much Fear of a Bloody Conflict.

SACRAMENTO, July 11.—Strikers have been perfectly quiet since the regulars arrived this morning. All the railroads are tied up for lack of men, but there has been no lawlessness. The bravado of the mob evaporated instantly when the rifles of the United States troops were seen. Trouble is not yet over, however. The seriousness of the situation is shown in the warlike precautions the army authorities have taken. Federal soldiers and galling guns have been rushed to the scene from all directions.

The publication of President Cleveland's proclamation caused intense excitement in Sacramento; but when it became positively known that Col. Graham and his 300 soldiers were already en route to reinforce the state troops at the state capital the excitement there became wild and ominous. The strikers grew louder in their threats to resist any further attempt to clear the railroad yards and depot, and their leaders proclaimed that the Southern Pacific company would not be permitted to move its trains. There are now 3,000 strikers in Sacramento to resist the federal and state troops.

In the face of the general preparations of the strikers for resistance the attitude of the locomotive engineers is attracting attention. Representatives of the brotherhood waited upon General Superintendent Fillmore at Sacramento and announced they were willing to return to work at a moment's notice, Supt. Fillmore to notify them if he decided to accept their services.

DEBS NOT ARRESTED AGAIN.

He Has One Indictment Against Him But Is Out On Bail.

CHICAGO, July 11.—The leaders of the American Railway Union were yesterday indicted, arrested, and admitted to bail, and some time next fall will be placed on trial for conspiracy. The special grand jury summoned by Judges Woods and Grosscup set the machinery of federal law in motion. At 3 o'clock the grand jurors began to deliberate. In an hour the four leading spirits of the American Railway Union were under arrest. They are:

EUGENE V. DEBS, president.  
GEO. W. HOWARD, vice president.  
SYLVESTER KELIHER, secretary.  
L. W. ROGERS, director and editor of the Railway Times, the union's official organ.

Among general charges of inspiring to riot, conspiracy and obstructing the mails there are said to be further counts holding the union leaders indirectly responsible for the killings at Hammond, Ind., and points in Illinois.

The books and papers of the union were also seized. All the prisoners were admitted to bail later on. Mr. Milchrist when questioned as to the legality of the seizure of papers belonging to Mr. Debs and the union said the authorities were dealing with a corporation. "None of Mr. Debs' private mail will be opened or in any way tampered with. It will be returned to him intact," he said. "We have a perfect right to seize the papers of the corporation as evidence of crime. It is not an unusual procedure, and only lately we adopted this method when dealing with the railroads for violation of the interstate commerce laws. The documents are now locked up in the safe. No mail will be returned to Mr. Debs which is addressed to him as president of the American Railway Union."

BASEBALL.

Games Played in the National League Yesterday.

The Western clubs, for a wonder, had the advantage yesterday, winning everywhere but at Chicago. No changes in the positions of the clubs resulted. Following were the games played:

Prendergast to Hang Friday.

CHICAGO, July 11.—Justice Bailey of the Supreme court of Illinois yesterday refused to grant the writ of error and supersedeas that would stay the execution of Patrick Eugene Prendergast, set for Friday, July 13, until his insanity trial could be reviewed by the Supreme court. The justice concurred with Judge Payne in his views of the law, and, while admitting there were errors in the case, did not think they were material enough to warrant his interference with the verdict.

# A THEATRE OF RUINS HE FOUND CHICAGO.

## JANESVILLE MAN'S TRIP TO THE STOCK YARDS.

Needless Vandalism Shown on Every Hand in the Destruction of Property—How the South Side Railroad District Looks to an Outsider—Almost a Rioter.

"It's worth anyone's time to make a trip to Chicago during the strike," said a Janesville business man last night as he walked down from the "restibule."

He had spent the most of his day in the district near the stock yards, going over the ground laid waste by the rioters, and declared that anybody could afford to take the trip to witness the destruction, as such a sight has never been seen before and probably never will be again. It is well nigh impossible to describe the scene of destruction, as everything is in such a state of chaos that one can only look and wonder at the lengths man will permit himself to be led by the tearing-down instinct that seems to predominate in such demonstrations as the present riot.

Long strings of what were once cars but which are now merely melancholy remnants, smoking timbers and twisted iron work, line the tracks for blocks. Able-bodied men have tipped the cars over, and women and children have applied the incendiary torch to the bunch of oil saturated waste in the wheel boxes, completing the work of destruction under the eyes of the police, who have been powerless up to the present time.

Switches Made Useless.  
The work is not limited to cars by any means. Switches have been rendered useless by crowbars at points, and tracks have been torn up, making a sight that is especially melancholy to a railroad man. Near Fifty-first street were at least 50 coal cars overturned and burned.

The Jower City spectator came very near being mixed up in one of the smaller riots yesterday but aside from witnessing the gathering of about 200 men who were dispersed by a body of determined militia, saw no scenes of bloodshed. The cowardice of most of those who are committing the lawless acts was exemplified in the case of a striker, who hurled a large stone at a coach, breaking off one of the mahogany guards in front of a window. After doing this he took to his heels, as though he were afraid that the justice he deserved would come all too soon for his own safety.

One little thing showed the division of sentiment in Chicago regarding the strikers. In the neighborhood of the stockyards and other districts where the striking elements live white ribbons were in the large majority, but down town, in the business portion of the city one was hardly ever seen.

## REPUBLICAN CAUCUSES MONDAY.

Delegates to be Sent to the County Convention Called For July 18.

Republicans of the several wards will meet in caucus Monday evening, July 16, for the selection of delegates to the county convention July 18, which will name congressional and state delegates. The caucuses will meet in the following places:

First ward—At the west side fire station.

Second ward—At the east side fire station.

Third ward—At the court house.

Fourth ward—At council chamber.

Fifth ward—George H. Kastner's office, corner of Holmes street and Center avenue.

## CURE FOR THE NEW HAND SHAKE

Vigorous Measures Are Necessary But the Disease is a Serious One.

Have you experienced the new shake? It's the most disagreeable thing to encounter, but you are likely to meet it almost any day, so it is a charitable thing to give you an idea of what it is like and tell you how to deal with it. The new style hand shake is a varioloid form of paresis, accompanied usually by symptoms of chronic imbecility. It usually manifests itself in men with very weak constitutions who part their hair in the middle and wear white duck trousers. An inclination to do embroidery generally accompanies pronounced cases of the new hand shake. The man who is susceptible to the malady frequently lisps and has a fondness for marsh mallows and sweets. He rarely has any visible vices except cigarettes and light-colored shoes, but in almost all cases he is very much afraid of rats. Authorities differ as to the proper treatment of the disorder. Experience has led many to believe that the best possible treatment is what is known as the "rib cure." When you meet a man who has it just give him a good thump in the ribs with your left. It may kill him, but if it doesn't it's pretty sure to cure and that's what you're after.

## SCHOOL BOARD AT THE ASYLUM

Architect J. G. Chandler's Construction Methods Given a Thorough Examination.

The school board visited the county insane asylum this morning and inspected the building, especially the construction and general design. Architect Chandler of Racine, who has a plan for the new high school building before the committee, was one of the visitors. The school commissioners are moving very cautiously in selecting a plan, and their visit to the asylum today was for the purpose of inspecting some of Mr. Chandler's construction as well as his design of the building.

"We have not chosen a plan as yet," said one of the commissioners this morning. "It may be some days before a definite decision is made. We are moving slowly, in order that proper time may be had to thoroughly examine details of all plans, believing that in doing so we will make fewer mistakes in the building."

## NEW OFFICERS SEATED LAST NIGHT

Odd Fellows of Janesville Lodge No. 90 Hold Their Installation

Members of Janesville City Lodge No. 90, I. O. O. F., held an interesting meeting last evening in the West Milwaukee street hall. District Deputy Grand Master O. A. Gifford of Milton, was present to install the new officers, and a number of visitors from the Milton lodge were also present, and joined in the banquet which followed the lodge meeting. The officers installed were:

Noble Grand—S. D. Hill.  
Vice Grand—W. H. Parish.  
Recording Secretary—Henry Kline.  
Permanent Secretary—J. W. Russell.  
Treasurer—O. E. Smith.

Inside Guard—George James.  
R. S. of N. G.—J. W. Clark.  
L. S. of N. G.—George Ashbrook.  
R. S. of V. G.—August Richter.  
L. S. of V. G.—J. G. Joerg.  
R. S. S.—Willard Coleman.  
L. S. S.—C. Stout.

## FORD MILLING CO. INCORPORATED.

L. B. Carle, S. B. Smith, J. B. Rexford and O. C. Ford the Incorporators.

There will be no auction sale of the Ford property as had been arranged. At least if there is an auction it will be one in name only. The property is now in the hands of a stock company duly incorporated. L. B. Carle, S. B. Smith, John G. Rexford and O. C. Ford are the incorporators, the capital stock being \$2,000. The Ford Milling Co. is the title. The incorporation has the effect of more fully securing the First National bank's claims and providing for a conservative management of the business.

## Fair in This Neighborhood.

## Fine Sweaters at Ziegler's.

Fine ribbed sweaters at Ziegler's for 50 cents. Just the thing for bicycle riding, boating, camping, etc.

## No Judge.

Young Artist—It's an outrage to have such a ignoramus as Puffers on a hanging committee.  
Friend—No judge of art, eh?  
Young Artist—He is a half idiot. Why, sir, he thought my cows were horses.

# OLD MEN ARE LEFT WITHOUT ANY JOB.

## STRICT ORDERS SENT OUT ON THE C. & N. W.

Master Workman John Heath is Directed to Keep all the New Men He Has Put in Since the Strike Began—Freight Is Now Taken For Nearly All Points.

The local railroad officials now insist that as far as their roads are concerned the strike is over and that the places of the strikers are being rapidly filled with new men.

Agent C. E. Ranous of the Chicago & Northwestern road has received orders from Chicago to accept freight for all lines with the exception of live stock and perishable goods for the Union stock yards at Chicago and for points west of Cheyenne on the Union Pacific.

All local freight is moving and considerable has been sent over the Omaha lines.

## Old Men Out of a Job.

Master Workman Heath, in Chicago, is said to have received orders to retain all the new men hired since the strike began and to take back old ones enough only to make up the number usually employed. C. & N. W. men are now returning to work rapidly and many will find themselves out of work. They threaten to call a general strike on the road unless the new men are discharged and the old ones returned. They demand that the matter be "arbitrated." Arbitrate, by the way, has come to have very funny meanings since the strike began. It now means that the authorities of the roads meet the strikers and agree to what they say.

## All Freight Being Shipped.

Assistant General Superintendent E. W. McKenna, of the Chicago, Milwaukee & St. Paul road said last night that very little freight was offered for shipment, but that all that was offered to the company was being shipped. Mr. McKenna stated that yesterday a number of the strikers who walked out asked to be reinstated. The men, he said, will be reinstated if they have committed no overt acts during the strike and if there is employment for them. Mr. McKenna said that a number of the strikers had been deceived as to the orders to strike and now that they saw their mistake were ready to return to work.

All passenger trains were moved on time today.

## WALTZED INTO ANOTHER WORLD.

A Pretty Girl Tells of Her Sensations in the Circle Dance.

Here is a girl's own story of the way waltzing affects her:

"No one waltz, even when danced with the same partner, is exactly the same as another. It is always the new sensation. The music is not in the same key, and the waltz does not touch the same chords of one's soul. If I dance twenty waltzes in the evening I have twenty different thrills of pleasure. With one partner it is a soft, insidious measure; with the next a long, languorous movement; with the third, more of a hop that gently jars the brain into a delicious, dreamy forgetfulness; while a fourth cavalier, with an heroic tread, bears you away with strong and vigorous rhythm into still another world. The lights of this go out, you lose consciousness, but you feel no dread as you lie within those herculean arms like a child rocked to sleep in his father's embrace. Your feet are no longer on the earth. It's a celestial rotation out into space, and when you light on earth again you feel like a tired bird stopping from a long flight."

## MATRIMONY HAS ITS TROUBLES.

Many Different Ways of Experiencing the Woes of Married Life.

An eastern editor says a man got himself into trouble by marrying two wives. A western editor replies that a good many have done the same thing by marrying one. A northern editor says that a number of his acquaintances found trouble in barely promising to marry and never going any further. A southern editor says that a friend of his was bothered enough when he was simply with another man's wife.

## BEYOND ALL EARTH'S CARES.

Mrs. C. Sherman.

Mrs. John Sherman, of Fulton, died Tuesday morning of hemorrhage of the lungs. Besides a husband she leaves eleven children and an aged mother to mourn her loss. Mr. Sherman is well known in Rock county, having served as a member of the Rock county board, and many friends will truly sympathize with him in his great loss.

The funeral will be held on Thursday morning at 10 o'clock from the house, Rev. Father J. F. Bowe, of Edgerton, officiating.

## Lulu Belle Heddles.

Death claimed the sunny-faced child of Alderman and Mrs. Stewart B. Heddles last evening. Little Lulu was almost eleven years of age and was beloved by all who knew her. Her death resulted from a kidney trouble which all had hoped would be overcome. The news of her sudden removal will be a sad blow to many.

Funeral services will be held at the home, 107 Mineral Point avenue, tomorrow at 3 o'clock. Rev. E. H. Pence and Dr. W. F. Brown will officiate.

It will astonish you how quick Johnson's Magic Oil will kill a pain. Sold at Smith's pharmacy; 25 and 50 cents.

## ALUM AND PHOSPHATIC ACID.

Not Permissible in Food nor for Daily Human Consumption.

Reference has heretofore been made to the danger from an indiscriminate use of powerful drugs except upon the advice of a physician. Alum, phosphoric acid, ammonia, sulphuric acid, and even arsenic, are valuable medicines when administered as such and by a careful doctor as specific for relative diseases; but for a well person to take such drugs daily in unknown quantities without reference to the condition of the system or the advice of a physician would be an alarming proposition indeed.

The hardihood with which manufacturers of proprietary articles of food containing some one or more of those poisonous drugs urge them upon the public is remarkable; but the readiness with which, when exposed, manufacturers claim a merit for the very ingredient which the physicians condemn, is exceedingly reprehensible.

It is well understood that alum baking powders render the food indigestible and produce dyspepsia, and that phosphoric acid affects both the stomach and the brain. The latter is not permissible in any quantity during a large portion of a woman's life. It is true that there are phosphates in our various foods, but they are present in quantity quite sufficient for all healthful purposes. It is not a fact that it is necessary or useful to restore to flour, by means of baking powder, phosphates lost in milling. On the contrary, the modern processes of making flour preserve the natural phosphates of the grain so far that a pound of flour actually contains more phosphates than a pound of grain before grinding.

The fact is that phosphate of lime and alum are used by some manufacturers of baking powders because of their extreme cheapness, and for no other reason. They produce powders which when fresh will raise bread it is true, but which rapidly lose their strength after the packages are opened. They do not, however, produce food that is of the finest character or wholesome. They leave a peculiar taste in the food, and are so far liable to produce bad results that their manufacturers are sometimes constrained to caution consumers against using too large a quantity. Such powders are produced at a cost of a few cents, some of them less than five cents a pound. They are sold to consumers at from twenty-five to fifty cents a pound, and the large margin of profit affords the means to push their sale in many ways.

The only ingredients proper for a baking powder are highly refined cream of tartar and soda, and of powders thus made the physicians and scientists tell us the Royal is the purest and most reliable.

GILBERT WARMINGTON, an architect well known in the northwestern quarter of the state, died at Fairbault of blood poisoning contracted in a barber shop. A pimple on his neck which had been cut by the sharp edge of a razor, had absorbed some of the poisonous matter on the blade.

The investigation of Professor Russell, of the state experiment station will somewhat expel anxiety on account of tuberculosis. It does not follow, as many people imagine, that a cow with disease will give milk that is affected. And, further, where one cow's milk that is affected is mixed with that of several others, as in a creamery, the harmful effects are neutralized.

## To the Public.

Owing to the fact that the proprietor of the Mayflower has cut rates for moonlight excursions, I hereby announce that the regular price of fare on the steamers Columbia and Enterprise will remain unchanged, 25 cents for the round trip. Churches, societies and private parties engaging one or both of my boats will receive most liberal terms and thereby have a chance to make a fair profit. Accommodations first class. My motto: "Live and let live." Respectfully,  
A. BUCHHOLZ.

## Low Rates to La Crosse.

On account of the bi-annual saengerfest of the Northwestern Saengerbund, at La Crosse, Wis., July 12 to 15 the Northwestern line will sell excursion tickets to La Crosse and return at greatly reduced rates. For dates of sale, limits of tickets, etc., apply to agents Chicago & Northwestern R'y.

## Monona Lake Assembly.

For the Monona Lake Assembly to be held in Madison July 24 to August 3, the Chicago, Milwaukee & St. Paul railway will sell round trip excursion tickets July 23 to August 3 at a fare and a third, good for return until August 4.

PARTS 1 to 12 of the Harpers Pictorial War History are now ready for issue. Leave coupons at this office.

# BODIES OF DEAD MEN FESTER IN ALLEYS.

## TRAVELING MAN'S GHASTLY TALE OF THE STRIKE.

Reason Why Only Two Deaths Were Reported at the Loomis Street Battle Is That the Mob Carried Away Their Wounded and Hid Them.

The opinion prevails among traveling men coming from Chicago of late is that many persons wounded in the riots have died while no record has been kept of the deaths, simply because the reporters of the press could not obtain the facts. A man who travels for an oil company said:

"A friend of mine was obliged to keep himself concealed in the vicinity of the railroad yards for two days. He went down to look after some property southwest of the stock yards and was chased by the men of the neighborhood. He was afraid to venture into the streets. The third day, however, when things appeared more quiet he left his concealment and made his way through back yards and alleys, and he told me that he saw five dead bodies festering in these places."

It is supposed men that were wounded were hid away by friends and died for lack of care.

## Small Price for Washington's Signature.

An original certificate of membership in the Order of the Cincinnati, issued to a signer of the declaration of independence and signed by George Washington, was recently sold at Wilmington, Del., for \$32, probably less than a tenth of its selling value had bidding been pressed. It was known however, that the purchaser was especially desirous of obtaining it and so neighborly feeling prevented any attempt to run it up to its value as a curio.

#### The Bright Bride.

She is a delicious little bride. She wears pale gray gowns and clean gloves in the most conventional and unmistakable of bridey styles. She calls her husband Mr. Blank, and asks him if he likes coffee. But for all that she is a very sensible, spirited little woman.

Sunday last, my brother called upon them at their hotel. During the visit the newly-married man, who, by the way, was a long time a bachelor, rang the bell to order some wine. My brother tells me the little bride, in her gray and old rose gown, rose from her chair, walked over to her lord and master, and in a very gentle and decided way said: "I object to drinking here. You will oblige me by not ordering wine."

At this point in the story I became quite enthusiastic, says the Washington Post, I said:

"Call on her? Well, I guess I will call on her! Any woman who can take a man in hand in that jolly fashion when they have been married only four days deserves the spiritual support of the entire sex. Why, she's a genius! Talk about the wisdom of Solomon or George Elliot, they couldn't compare in sense with this woman."

My brother interrupted my flood of encomiums by saying:

"Wait a minute, until I finish. Her husband answered, 'All right, my dear,' then we went on talking for about ten minutes. At the end of that time he told me the proprietor was a nice fellow, whom I would enjoy meeting, and asked me if I would like to be introduced. Of course, considering the fact that I was not born yesterday, I said yes, and we went off and had a few old ryes. Some women are bright, but some men are brighter, see?"

I saw, but I didn't say so.

A CHECK was recently cashed at an Atchison, Kan., bank which read, "ate dollars and aty cents."

#### At the Seashore.

The limit of excursion tickets sold via the Northwestern Line to Asbury Park, N. J., and return, on account of the National Educational Association, will allow patrons of this favorite route to spend the months of July and August at the delightful Coast resorts. Tickets on sale July 7th and 8th. For full information apply to Agents Chicago & Northwestern R'y.

#### Half Rates to Toronto.

On account of the convention of the Baptist Young People's Union of America, the Northwestern Line will sell excursion tickets to Toronto, Ont. and return at rate of one fare for the round trip. Tickets on sale July 17 and 18—good for return passage until August 7, 1894. For tickets and full information apply to Agents Chicago & Northwestern R'y.

#### HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

#### Another Problem Solved.

Daughter—What in the world shall we do, ma? It will ruin our new dinner set to have the dishes warmed in the oven, and the servants positively refuse to use hot water for that purpose, because it amounts to a second dishwashing.

Mother (a lady of intellect)—Hereafter we shall winter in Florida.

#### Theory and Practice.

Wife—Do newspaper writers sit up all night?

Husband—I believe so.

"That explains it, then."

"Explains what?"

"The household department of this paper recommends roast potatoes for breakfast. One would have to sit up all night to have the oven hot enough."

#### Heating a Flat.

Landlord—Most of those restrictions which I put into operation last fall can be removed now.

Janitor—Sure I niver cud see phwat good they did except to kape the tin-ants mad.

Landlord—That was the idea. By keeping them fuming at you, they did not notice how little heat there was in the steam pipes.

#### Half of It.

Little Boy—Our new horse is half Arabian.

Father—Think so?

Little Boy—Yep. He hasn't the star and crescent on his nose, but he's got the star. That's half of it.

W. T. VAN KIRK, Chairman.

## CONGRESSIONAL CONVENTION.

A republican convention for the first congressional district of Wisconsin will be held at the city hall in the city of Racine, Tuesday, July 24, 1894, at 10 o'clock a. m., for the purpose of placing in nomination a candidate for congress, electing a congressional committee and transacting of any other business that may properly come before the convention.

The several counties in the district will be entitled to representation by delegates as follows: Green, 5; Kenosha, 3; La Fayette, 5; Racine, 8; Rock, 12; Walworth, 8.

L. H. PARKER, Chairman Republican Congressional Com.

Beloit, Wis., June 14, 1894.

## SENATORIAL CONVENTION.

A republican convention in and for the seventeenth senatorial district, will be held at Brodhead on Tuesday, the fourth day of September, 1894, at 11 o'clock a. m., for the purpose of re-nominating a candidate for state senator and for the transaction of such other business as may properly come before the convention. Each voting precinct in the district will be entitled to one delegate in the convention.

J. B. TREAT, Chairman.  
IRA U. FISHER, Secretary.  
HANS QUALE, Committee.

## ONE-MAN POWER.

The present strike furnishes a remarkable illustration of the one-man power of which we are constantly being warned as a source of danger to our liberties and our institutions. Debs, to begin with, is exercising the power of an absolute monarch. He asks no man's permission to play the fantastic tricks that are causing so much injury and placing the country in so much peril. His orders are issued without any pretense of consulting the wishes or referring to the judgment of members of the organization which he represents. He is the American Railway Union, so far as the direction of its affairs is concerned. The assertion of its power is simply the expression of its individual will. His proceedings are not regulated by any written law, or any established rule of responsibility. He is a law unto himself, and there is no appeal from his arbitrary edicts. Questions of vital importance are decided by him with systematic indifference to the opinions of his followers, and they blindly obey him as if he had a right to exact such service from them, regardless of their own interests and in contempt of their duties as citizens. It is a case of one-man power pushed to the extreme, and men submit to it like so many sheep.

There is not, and there never has been, any dispute as to the right of a man to quit work when he wishes to do so. But when the man insists that he has a right not only to quit work, but to prevent any other man from taking his place, then the fun begins and the law comes in.

It is rather hard for American people to be obliged to read that a mob of a thousand foreigners sacked and looted the little town of Spring Valley, Ill., and proposed to expel from it every man and woman who spoke the English language.

Hill is preparing to resume his sway as Dictator of New York. When he voted against the tariff bill, he simply declined to share the responsibility for the tremendous defeat that his party is certain to encounter in the fall elections.

Altgeld has subsided. Perhaps it has occurred to him that the governor who does not wish to see his state invaded by federal troops should prove himself equal to the task of enforcing the laws without them.

There isn't much fame or glory in it but a soldier can find few tasks more vital to the safety of his country than putting down riots and insuring to every man the right to work undisturbed.

If Grover Cleveland could retire from office as soon as he puts down the Chicago riot, more credit would attach to his administration than is likely to survive another year.

Pullman may be as villainous as he is pictured but what's the use of starving 2,000,000 other people to mar the varnish on his sleepers.

The first thing Gresham has done this year to give credit to his name was to affix it to a proclamation against mob law.

## Congress Will Investigate.

WASHINGTON, July 11.—Congress will probably investigate the strike. To-day the subcommittee on interstate and foreign commerce, to which Mr. Crain's resolution had been referred, decided to report back to the full committee to-morrow recommending the appointment of a committee of five to go to Chicago to investigate the whole trouble. There is no doubt to-day that the report will be adopted, both by the full committee and the house.

## Northern Pacific Man Assaulted.

TACOMA, Wash., July 11.—Strikers assaulted a Northern Pacific employee for the sixth time within a week last night. The victim was Henry Kirchner, janitor of the superintendent's office. He was followed by several strikers when he went home to supper and waited until he supposed they had disappeared. Just after he left the house eight or nine men fell upon him with knives. Eight bad gashes were made on his head.

## Situation at Cincinnati.

CINCINNATI, Ohio, July 11.—While the strike of firemen on the Big Four was ordered for the division between Indianapolis and St. Louis only, yet nineteen quit here. Only freight firemen are out. All passenger trains are running on schedule time. The general railroad situation here is improved.

## Big Four Shops Close.

MATTOON, Ill., July 11.—All regular passenger trains are running. The Big Four shops are closed indefinitely, and no attempt has been made on that road to move freight. The feeling among the railroad men is largely in sympathy with the strikers. The feeling is strongly in support of law and order.

## Mrs. Gore Wants a Divorce.

NEW YORK, July 11.—Jennie B. Gore has brought an action for absolute divorce against George F. Gore, the old-time Chicago ball player.

## Buried by a Cave-in.

MILWAUKEE, July 11.—A sewer ditch on American avenue caved in yesterday, burying Peter Shrank, a Polish laborer, under tons of earth.

CITY NEWS BOILED  
INTO BRIEF FORM.SUPPERTIME READING FOR  
BUSY PEOPLE.

Happenings of the Day In the Bower City Graphically Sketched By Reporters For the Gazette—Here You See the Local Panorama Unfolded.

MAJOR J. B. POND delivers a lecture in Madison on July 31. An effort is being made to have Major Pond deliver one of his lectures in Janesville. He has two very interesting lectures: "My Experiences on the Frontier," and "My Experience Handling Other Men's Brains." The major would be enthusiastically received by his old Janesville friends, and there is no doubt that his lecture would be well received.

Most men know more about one thing than they know about anything else. After wearing one of our unlaundered shirts, you will know more about them. Think of it, a pure linen bosom with reinforced back and front, good muslin and perfect fitting at 49 cents. T. J. Ziegler.

JANESVILLE police say there has not been such a scarcity of tramps in this vicinity for many a summer as there is now. Whenever one arrives here his sole anxiety appears to be how soonest to reach Chicago. Great numbers of these fellows are evidently concentrating upon Chicago.

MAJOR S. C. COBB of the Janesville Machine Company, has not gone east as reported a few days ago. He intended to start last Monday morning, but the uncertainty of being able to get out of Chicago on account of the strike, compelled him to postpone his trip.

BARNUM's circus was reported this morning to have booked Janesville for August 18. D. W. Watt saw one of the Barnum advance men in Chicago a few days ago, however, and was told that the show would tour Wisconsin but that Janesville was not likely to be visited.

The \$10,000 stock of shoes which we bought for 55 cents on the dollar will probably arrive tomorrow—83 big cases. As soon as they come will show some bargains which will be competition-killers. Brown Bros. & Lincoln.

A. M. VALENTINE and family will leave for their summer home at Lake Koshkonong tomorrow. Miss Mae Valentine will entertain a number of her school friends at the lake during the summer.

The Richardson Shoe Co. is known far and wide as the "stylish shoe house" of Janesville. Whenever a handsome pair of shoes is wanted the ladies all go there. They don't charge any more than legitimate profit.

Mr and Mrs. George Richardson and daughter, Irene, of 152 Gold street, arrived home yesterday after a pleasant visit with relatives in Belmont, Wisconsin. They were accompanied by Miss Abbie Richardson.

We put on sale today two hundred pair of ladies genuine hand turned button shoes which were formerly sold at \$3.50 and \$4. The rest of this week we will sell them at \$2 a pair. Lloyd & Son, 57 W. Milwaukee.

COLONEL W. B. BRITTON accidentally sprained his ankle last evening and is laid up in consequence. He and Mrs. Britton are in camp at Lake Geneva. The colonel sent home this morning for his crutches.

AN unknown man of foreign birth, judged to be insane, was placed yesterday morning in the city apartments provided for insane temperaments.—Evanston Tribune.

We have the best ladies' oxford shoe in the world for \$1.50. Not a house in the city can buy it for less than \$1.60 to \$1.65. Brown Bros. & Lincoln.

JANESVILLE is to have a new dictionary. Hardie & Schrale of Dubuque will do the publishing, and Frank J. Murphy is here getting the data.

WHEN the "painless shoe-fitters" get through fitting a foot it never pains. We have studied the art thoroughly and can handle all kinds of feet.

If true merit wins, this house will always set the pace in the race for supremacy. Our veranda furniture knocks them all. Frank D. Kimball.

F. L. EBBETTS, of Boston, who has been in the city several days visiting his brother, Engineer Harry G. Ebbetts, left for his home this morning.

JAMES COLLINS, the well known sprinter, is entered in the great national 100 yards sweepstakes race, that takes place in Denver, August 19.

LUNN BROS. received a carload of Jersey Lily flour this morning. Better leave your order for a few sacks at once; the strike may last for months.

PROMINENT in the Old Folks Concert will be A. Crawford, William Garbutt, Mrs. Conrad, the Mandolin Club and the Baptist church choir.

MEMBERS of Wisconsin Lodge No. 14, I. O. O. F., assemble in regular weekly meeting this evening at Odd Fellows hall, North Main street.

TOMORROW noon those fresh lake trout and white fish will arrive at Dunn Bros. An order this evening would be well taken care of.

THE "Bee Hive" enjoyed a big trade today on those "seven button" wonder shoes for \$2; much better than have been sold for \$2.48.

A VERY pleasant excursion on the steamer Mayflower was given by Miss Myrtle C. Williams last evening in honor of her guests. The Third Ward

Mandolin club furnished some excellent music, which added much to the pleasure of the excursion.

S. T. MERRILL, one of the trustees of the county insane asylum, came up from Beloit this morning to inspect the asylum.

S. ROSENFELD went to Winona, Minn., at 1:15 this morning to attend a family reunion. He will return next Monday.

THOSE new style ladies shoes, have no seams, are the latest out and have white laces, very cheap. Richardson Shoe Co.

FIVE-BUTTONED russet gaiters are the latest style of summer shoes, but are not lessening the popularity of laces.

THE handsomest line of shoes ever seen in Janesville are at the Richardson Shoe Co's. They always have the latest.

MR. and Mrs. Alois Golling leave to-night on a two weeks' pleasure trip through northern Wisconsin and Minnesota.

THE Panama hat, always in style, still costs as much as a new suit of clothes with a Mackinaw thrown in.

F. W. BROWN, day operator at the Chicago, Milwaukee & St. Paul depot, visited friends in Genesee to-day.

THOSE \$2 hand turned shoes are worth twice the money to any one. Lloyd & Son 57 W. Milwaukee.

THE fine Nelson hotel at Rockford will be closed July 15, the landlord failing to make the house pay.

W. G. MAXCY of Oshkosh was in the city last evening attending the affairs of the local water company.

THE only complete stock of wall paper and window shades at Sutherland's bookstore.

JUSTICE PHILLIPS, of Clinton, was in the city looking after business in the probate court.

A LARGE stock family and teachers bibles. Call and see them at Sutherland's bookstore.

THE "painless foot fitters" never miss fitting a shoe. Brown Bros. & Lincoln.

CAPTAIN GRIFFITH's first moonlight excursion up the river was a great success.

EVERYBODY speaks of Brown Bros. & Lincoln as the "painless foot fitters."

COSTUMES have been obtained in Milwaukee for the Old Folks Concert.

THE best and cheapest baby cabs in the city at Sutherland's bookstore.

WANTED—One bushel of black currants. Inquire at Gazette office.

PLENTY of flour at Dunn Bros. Jersey Lily, best in the market.

SOME of the best artists can't draw a flush once in ten times.

GIRL bicyclists in Janesville are slow to adopt bloomers.

SENATOR R. J. BURDGE, of Beloit, was in the city today.

HADING veils are still worn by the girls who don't know.

JOHN M. WHITEHEAD went to Chicago to-day.

PEACHES are beginning to get a natural flavor.

THE real estate business is gaining ground.

MRS. E. M. RICH is visiting Chicago friends.

THESE are great sleeping nights. SUNBURNED noses are in vogue. HARVEST apples are in market.

TAN comes for shoes and faces. THE bustle is little or nothing. FRECKLES bother milady. CAMP meetin' time.

AT HYMEN'S ALTAR. Hausen-Dresher.

Herman Hausen of Fort Atkinson, and Lena Dresher of this city, were married at the home of Rev. E. W. F. Requa, 201 South Bluff street, Monday.

Don't Wait For Tomorrow. Tomorrow never comes, but today is always here. Shake hands with present opportunities. They may not come again. Do you realize that we are not looking for a profit now? Our \$7.00 offering can't last long. Do you need a suit? Would you buy an \$18.00 suit for \$7.00? Such a cut seems impossible, but such is the case. We are determined to close out all our broken lots of summer suits during this month and for this reason we have prepared this sale. We have massed together all lots of suits which consists of one, two or three and have made \$7.00 the price which should make them go quick. We are the losers; you are benefitted by this sale. In the line are nobby cut sacks, right length, cut-aways and frocks, and not one worth less than \$12.50; many worth \$15, \$18, \$20, and some coats and pants with which we can match up a similar quantity of pants which have sold at \$25. Will you let this opportunity pass? Our salesmen will gladly show you through the lines, and if you can be fitted you will be easily convinced that we never offered greater bargains. T. J. ZIEGLER.

An All Day Opening. Saturday, July 14, Madden Bros. will hold an all-day opening at their place of business, at the Corn Exchange. They have purchased the business formerly owned by James Toole, and having refitted and fixed up the place in a most elaborate style, they invite all their friends and their friends' friends to join them Saturday. One of the most ample lunches ever served in the city will be provided free of charge. Especial preparations have been made for the day.

RUGER WON'T FOOL  
WITH THE RIOTERS.OLD JANESVILLE MAN IN COM.  
MAND AT SACRAMENTO.

Wisconsin Militia May Be Sent to the Pacific Coast to Aid Him, According to Washington Dispatches—General J. B. Doe Left in Charge of the War Department.

General Thomas H. Ruger, who is in command of the troops in Sacramento, is an old Janesville boy, and is brother of Edward and William Ruger. No Janesville man acquainted with General Ruger has any doubt of the result of conflict momentarily expected in Sacramento. The mob has taken possession of the depot, barricading and fortifying themselves. The police and militia have been repulsed by the mob. General Ruger with his regulars, is approaching the scene. The mob fortified in the depot is not likely to retain its position many minutes after General Ruger gets within range. He is not in the habit of arbitrating matters except at the mouth of his guns, and a bomb shell dropped into the depot fort is suggested as very likely to be his mode of greeting. General Ruger has been in the military service almost since boyhood. He graduated at West Point, served in the engineer corps, resigned and returned home to Janesville and practiced law, being a member of the law firm of Eldredge, Pease & Ruger. At the breaking out of the war he was appointed by Governor Randall to organize the state troops, then appointed lieutenant colonel of the Third infantry, afterwards colonel. President Lincoln made him brigadier general and then major general of volunteers. At the close of the war he was made colonel of a regular infantry regiment, and was detailed by President Grant as superintendent of West Point military academy for five years. He commanded in the Carolinas and in Louisiana and on the frontier. He is now the senior brigadier in the regular service.

May Need the Militia.

That "militia alarm" may come into play after all. Twelve bells may be struck in earnest. The calling out of all the militia in the country is discussed as a possibility by the Washington dispatches today.

With the exception of a few thousand troops, all the regulars that are available are now on duty suppressing the troubles in the west.

The militia arm of the United States will have to be called on next if the situation does not improve. It is not generally known, but the officials had about reached a decision Sunday to order out the militia of Louisiana and other southern states and send them to Chicago. Then came the question whether or not the people of Illinois would not feel insulted by such action and the matter was temporarily dropped.

The officials decided upon the south as the point from which to draft the militia by reason of the fact that there would probably be fewer members of the labor element go out as a result of order expected to be issued. There would be in this event not as much need for the militia as there would probably be in the northern states, where there are great manufacturing and where the railroads employ such a large number of men.

Wisconsin Troops for California.

There is a possibility that the president will send National Guard troops to California to assist the regulars in bringing an end to the troubles in that state. This action will only be taken, however, after other means fail.

Should General Ruger with the present force, in addition to the marines, not be able to quiet that section, then either the Eighteenth or Twenty-third infantry, in the Department of Texas, will be sent to his assistance. It will be only after failure meets this entire force—a contingency not expected—that the president would call upon the militia of states other than California for assistance. There is a probability if National Guard troops are sent at all they will be taken from Minnesota and Wisconsin. All these matters have been seriously considered by the officials and the cause of the consideration was the advice which were received from General Ruger. That officer reported that the situation in California was different from that existing elsewhere. In California the sympathy seemed to be with the strikers.

Doe in Charge in Washington.

General J. B. Doe is in charge of the war department in Washington during Secretary Lamont's absence. Governor Altgeld, of Illinois, telegraphed him yesterday afternoon:

Please furnish to the state of Illinois 620 rifles referred to in your telegram to Adjutant General Orendorf to apply on appropriation to this state.

General Doe's response was as follows:

Secretary of war has no authority to sell arms to a state. Can send 620 rifles with bayonets without slings or belts or balance of allotment. If this is desired have governor sign requisition by wire.

Assistant Secretary of War.

Just to show how true greatness is abused, however, the city papers all spell the assistant secretary of war's name "Doe."

JANESVILLE UNIONS NOT STRIKING  
Meeting Last Night Was Too Small to Transact Any Business.

Janesville labor unions met last night in joint assembly, but not a word was said about the strike. All the Janesville unions belong to the Federation and not to the Knights, so nothing would be done in any event without word from President Gompers. The attendance last night was too small to transact business of any kind. Carpenters and tailors were not represented, and the union labor picnic which was to have been planned was left for another meeting. The picnic will be given in August and will be a big affair.

## BRIEF BITS OF HUMOR.

An Important Post. Store Boy—Can't get off to-day. We're takin' an inventory of stock. Awful busy.

Chum—Wot good are you in taking inventories?

Store Boy—Good? I'm more important than the head bookkeeper. I wash the flyspecks off last year's goods.—Good News.

## INTELLIGENCE OF FISH.

Tourist—You told me the lake was full of fish, but I couldn't get a bite all day.

Landlord—Well, you see, they have no faith in your bait. They think that if you had anything decent to eat you would feed yourself.—Fliegende Blaetter.

An Exception. "Was you at de weddin' ob Matilda Snowball?"

"Yes, indeed, I was dar. I enjyed de ceremony werry much. I usually enjys it werry much, but dar is one young lady I wish I had nebber seed married."

"Who kin she be?"

"My wife; but don't tole her I said so."—Alex Sweet, in Texas Sittings.

The Newest School. Patron—Can you tell what ails my wife?

Doctor—She does not take enough outdoor exercise.

"She does not feel like it."

"Tut, she needs toning up."

"What have you prescribed?"

"A new bonnet."—N. Y. Weekly.

An Obstacle. Little Bessie (the only child of her mother, who is a widow)—Don't you like me?

Castleton—Why, yes, my dear; what made you think I didn't?

Bessie—Mamma said she didn't know but you would object to me.—N. Y. Herald.

Those Endless Questions. "Whose funeral is that?"

"Gashwiler's."

"What! Is Gashwiler dead?"

"Not that I know of. He is probably riding around in the hearse for the fun of the thing."—Truth.

Naturally Follows. "Higgamore can put all his household goods into one truck wagon."

"Higgamore is a sensitive soul, isn't he?"

"Eh?"

"So easily moved. See?"—Chicago Tribune.

Pater—A banquet, my boy, is a place where bodies are stuffed and brains are starved.—Arkansas Traveler.

Resigned to the Depression. Smythe—Do the hard times affect your business?

Landlady (theatrical boarding-house)—Not at all; my boarders wouldn't pay anyhow.—Raymond's Monthly.

As to the Invalid's Home. EDITOR GAZETTE:—The Invalid's Home, opened at 156 Mineral Point avenue, is in no way hostile to or intended to conflict in any way with the hospital. There have always been patients coming here for treatment who are averse to going to a hospital, and the consequence was that they secured board at hotels and private houses.

The Invalid's Home was opened to meet their wants thus bringing them together for board nursing and medical attendance, rendering it pleasant for all concerned. We deem this sufficient to correct any misunderstanding that may exist from statements that have been, or may be made by any paper or persons.

The Home will be entirely under our personal management. No physicians are in any manner connected with it except as they are interested in their respective patients.

FOR A GOOD CAUSE  
THEY WILL PLAY.BASE BALL FOR THE Y. M. C. A.  
FUND.

Col. Frank C. Hazelton Has Organized a Nine of Business Men Who Think They Can Beat Any Team that Secretary Kline Ever Put In the Field.

One of the most interesting base ball games of the season will be played at Athletic park Friday afternoon, between the business men of the city and the Y. M. C. A. nine. The proceeds of the game will go to the Y. M. C. A. fund. A series of five prizes are contemplated, two of which will be booby prizes. The business men are selecting from the best material, and expect to give the Y. M. C. A. boys a hard game. This will be an opportunity for our citizens to combine pleasure and good will in honor of our business men and the Y. M. C. A. The time of the game will be published later. The Y. M. C. A. boys have won every game played except one and besides the fun there will be a good exhibition of ball. The Gazette bespeaks a large crowd. The Y. M. C. A. nine will go into the field as follows: Blakeley, p; Glennon, c; Smith, 1b; Johnson, 2b; Sullivan, 3b; McVicar, s; Kline, 1f; Ruger, cf; Jackman, rf.

The Business Men's nine will be made up as follows, the positions being subject to change: C. S. Putnam, 1f; Ed. Putnam, 2d; Fred Woodruff, 1st; E. J. Green, 3d; J. B. Whiting, c; G. W. Skelley, p; C. J. Myhr, rf; A. C. Jenkins, ss; F. C. Hazelton, cf.

ZEIGLER'S "SEVEN DOLLAR" SALE

Fourth Annual Clear-Out Sale of Men's Summer Suits Begins Tomorrow.

Commencing tomorrow we will hold our fourth annual \$7 suit sale. For the past three years we have had a July clearing sale of all our summer suits and have each time put together all broken sizes in men's suits consisting of lots of one, two or perhaps three of a kind and made a uniform price of \$7 for choice of any suit. What has been the result each time. Hundreds of men in Janesville and vicinity have come to our store and taken away suits which have formerly sold at \$12, \$15, \$18, \$20 and \$25. Our object is to clear out all lots of broken suits, and do it quickly. Not a suit in the lot worth less than advertised. Your money cheerfully refunded if you are not perfectly satisfied.

Paving Blocks Here At Last.

Conductor John Martin has secured the blocks for his street paving contract, a portion having already arrived. It is claimed that the pavers will commence laying blocks on South River street tomorrow. P. W. Ryan and John Brown will put men and teams at work on South Main street tomorrow morning, excavating and preparing the street for the cedar blocks. They propose to make quick work in removing the old rubble and waste dirt, putting a large force on the street.

## WHAT IS NEW IN WORLD OF SCIENCE.

### INVENTIONS AND DISCOVERIES IN MANY FIELDS.

#### An Improvement of Interest to Grain Growers—Improvement Upon Post Inventions in the Trolley Car Line— General Notes of Science.

The regulation of the draught in hand or self-feeding thrashing machines is readily effected by means of the improvement shown in the accompanying illustration, which provides for the convenient adjustment of the concave to or from the cylinder to suit any kind of grain, the concave and feed board being also so connected that the latter will be adjusted simultaneously with the former. The sides of the concave are formed of movable semi-circular bearings, each of which consists of a plate with a slide-way on its inner face in which are loosely held the ends of the body portion of the concave, the sides or bearings of the concave not being attached in any way to the sides of the machine. On the central portion of the under edge of each side or bearing is a lug, pivotally connected by links and crank arms with an adjusting shaft journaled in the forward lower portion of the casing, and having at its outer

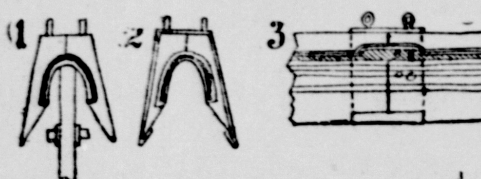

end a gear wheel meshing with a worm on a short shaft turned by a hand crank, whereby the concave may be carried upward or be lowered, moving concentrically with the cylinder and around it.

The feed board section, as shown in the sectional view, has hinged connection with the upper edge of the concave, and when the latter is carried to its upper position the feed board is very nearly horizontal, when the feed will be quite slow, but as the concave is lowered the feed board becomes correspondingly more inclined, providing for a substantially rapid feed. For the adjustment of the concave vertically, and to and from the feed end of the machine, two shafts, one forward of the other, are passed through segmental slots in the under sides of the concave bearings, each shaft having near each end an eccentric, whereby, on turning one of the shafts, the concave will be raised or moved forward, or lowered or withdrawn from the cylinder of the machine. The rotation of each shaft is effected by a worm on the lower end of a vertical rod, engaging a gear wheel on the outer end of the shaft, the rod being turned by a crank within easy reach of the operator. The attachment is readily adjustable to and may be applied to any thrashing machine.—Scientific American.

#### An Improved Trolley Conductor.

With the trolley conductor shown in the illustration, the trolley wheel may be easily and conveniently brought into contact with the conductor when the shifting of the trolley is necessary. Figs. 1 and 2 represent sections transverse through the conductor, and Fig. 3 is a longitudinal section showing how the joints are made. The conductor is shaped substantially as an inverted trough, and is protected by a casing, preferably of wood, made in two sections, engaging one another at the top, and tied together where a joint is made by a shoe, as shown in Figs. 2 and 3. Between the conductor and its casing is a packing of insulating material, and the sections are joined by a plate crossing the joints when the ends of the sec-

MUEH'S OVERHEAD TROLLEY CONDUCTOR. The conductor is supported by transverse wires from posts each side of the track, these wires passing through eyes in the top of the casing. The construction is designed to prevent the trolley wheel from jumping from or leaving the conductor, and facilitate its being replaced in contact therewith when it may have been purposely withdrawn.

Value of Compressed Air.

In one of the principal public halls of Paris an engine of 25-horse power that has been run by steam is now operated by compressed air with remarkably satisfactory results. The method by which this is accomplished is also of peculiar interest. The pressure of the air in the street main at the point where this hall is located registers six atmospheres; near the engine in the pipe is a reducing valve which can be adjusted to any pressure; and the air is conducted from the reduction valve to a small coke radiating device of cast iron, 18 inches in diam-

cents a yard, as the rib is fine on course.

#### Sell Their Hair.

"Do we have many girls come to sell their hair? Well, I should say so; but we don't make a business of buying on account of the risks we would have to run. I have had girls come to me and offer to sell their hair as it was on their heads. No, they don't get good prices—\$1.50 to \$2.50 being as much as I ever gave. I know of one case, however, where a well known society woman took a fancy to the hair of a young lady she met accidentally, and she paid the highest price I have ever known for a head of hair. The young lady in question had a luxurious growth of golden brown hair, and one day she was approached by this lady, who was compelled to use false hair, who said to her: 'Miss —, if at any time you desire to part with your hair you can find a customer in me.' The young lady was in need of pin money at the time and said: 'Well, I am not particular about keeping it now, as it is a little too light for my taste.' So she agreed to have her hair cut, and in payment received \$8.50. If girls could always get such a sum for their flowing locks there would be a great many more short-haired young ladies about the city."

#### Dancing for England's Royalty.

Little Ruby, the American child dancer, aged 4, will be one of the most sought after entertainers for private parties in London this season. She appeared at a party at the Prince of Wales's club last week and made a great sensation, and this week Mr. George Ashton took her to Marlborough House to dance for the Princess of Wales, who is so devoted to children. The small mite, while delighting those watching her, seems thoroughly to enjoy herself, and the kind and gentle princess experienced no pangs on her behalf lest she should be tired or overworked. Princesses Victoria and Maud, and the Duchess of Fife, with Lady Alexandra Duff, also were most delighted with the fairy-like little creature.

#### The New English Walking Hat.

The English walking hat is the hat of the hour. This season's shapes are almost universally becoming. The very latest English novelty has a broad brim which curls but slightly at the sides. The rather high crown shows a deep dent in the center. These hats come in both coarse and fine straw in shades of brown, dark blue, black, white and butter-color. When trimmed simply with a band of ribbon they sell very cheap.

Perhaps the walking hat which is considered the most chic at present is

in this shape, with the broad brim in black and the crown of butter-color. This is trimmed with a wide band of black moire ribbon and a bunch of black feathers at the side. Hats of blue straw with a white crown are also much the vogue.

That oily and rough skin cured and the face and hands beautified by Johnson's Oriental soap; medicated and highly perfumed. Sold at Smith's Pharmacy.

#### Decadence of Dramatic Criticism.

First Nighter—The man who writes the dramatic criticisms for your paper does not know a good play from a bad one.

Editor—I know it, but what can we do? He is the only man on the staff who is tall enough to see over the bonnets.—N. Y. Weekly.

#### Its Properties.

She (nestling up to him)—I know we are poor, papa, but Charlie says that love will make a way.

Her Father (grimly)—Yes, yes. It has made away with about eight tons of coal and fifty dollars' worth of gas in the last twelve months.—Truth.

#### A Tremendous View.

"We can see the statue of liberty from our house," said the Yonkers boy, proudly.

"We can beat you there. We can see the moon from ours," retorted the boy from Boston.—Harper's Young People.

#### Not to Be Returned.

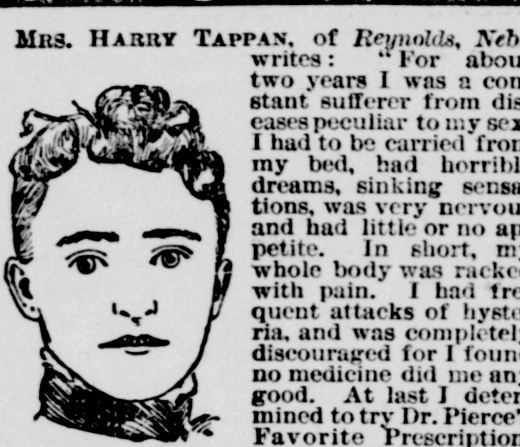

Briggs—Gander seems to be very happy in his newly-married life.

Griggs—He ought to be. All of his wedding presents were given him by people already married.—Judge.

### CURES OTHERS

MRS. HARRY TAPPAN, of Reynolds, Neb., writes: "For about two years I was a constant sufferer from diseases peculiar to my sex. I had to be carried from my bed, had horrible dreams, sinking sensations, was very nervous and had little or no appetite. In short, my whole body was racked with pain. I had frequent attacks of hysteria, and was completely discouraged for I found no medicine did me any good. At last I determined to try Dr. Pierce's Favorite Prescription. I had taken but two bottles before I felt so much better! I took eleven bottles. Today, I am well. I have never felt the least trace of my old complaint in the last six years. We use the 'Golden Medical Discovery' whenever we need a blood-purifier. With its use, eruptions of all kinds vanish and the skin is rendered clear and soft, almost as an infant's." Sold everywhere.

## Catarrh AND COLD IN THE HEAD

relieved instantly by one application of

Birney's Catarrh Powder

REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:

"I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic of it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering."

M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:

"I have almost entirely lost for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my nostrils. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 18 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve."
